Presentation by Consist at .conf

The Consist presentation at .conf by Splunk on September 24, 2015 addresses the topic of "Optimizing Splunk Knowledge Objects". The well-known user conference for Splunk customers and partners starts for the 6th time on September 21, 2015 at the MGM Grand Hotel in Las Vegas. Consist is a partner of Splunk.

Kiel – At .conf, the renowned annual worldwide conference of Splunk users, Martin Müller of Consist will present on the topic of "Optimizing Splunk Knowledge Objects". In his talk, he will describe how the Splunk platform connects the search function with knowledge objects. Recommendations for the efficient configuration of Splunk in heterogeneous IT landscapes will also be part of the presentation.

Consist is a partner of Splunk. Since 2013, Consist has carried out 16 innovative Splunk projects. In 2014, Splunk named Consist "Partner of the Year 2013" for the D-A-CH region, and awarded them "Regional Newcomer of the Year 2012" in 2013. As a consultant at Consist and a Splunk Certified Architect, Martin Müller has extensive experience in projects with Splunk in heterogeneous IT environments for customers in a variety of industries.

This year's .conf will take place from September 21 to 24, 2015 at the MGM Grand Hotel in Las Vegas. 4,000 attendees are expected, and 165 technical sessions are on offer. The four-day conference brings customers and partners together from across the world to present the wide range of opportunities for the processing and analysis of large quantities of data.

Company Portrait

Consist Software Solutions is an IT service provider that recognizes your IT needs and supports them in three ways over the entire software lifecycle:

- **Projects** as a complete solution or for subtasks, for
 - new developments, Business Analytics / Big Data, integration, modernization and consulting
- **Managed Services** with individual service levels up to 24/7 for
 - application management and maintenance (bug fixing, modifications) as well as
 - system monitoring and operation (routine supervision, release management, error coordination)
- **Products** for innovative solutions in the following sectors
 - Business Analytics / Big Data and Security, as well as
 - IT management

Use our three-plus decades of experience in successful software development and maintenance for medium and large companies from various sectors. You can rely on us – because we thrive on taking over responsibility as your partner.
